T

he year is 1841 . . . The traders of Britain, Europe and America are sailing the waters of the east in search of their fortunes.

Twenty years earlier the Emperor of China had decreed that the purchase of China's goods could only be paid with silver bullion. The demand for Tea, Silk and Jade was causing a massive balance of trade deficit almost bankrupting the Trading Nations. Then a lone ship "The Vagrant Star" under the instructions of The East India Company sailed to Canton with a cargo of illicit contraband. The Chinese traders bought the cargo and paid for it in silver bullion. A way had been found to reduce the deficit. Over the next twenty years the trade in contraband grew so much that the revenue from it's sale outstripped the need for silver bullion to buy legitimate goods. Trade was once more balanced. The independent traders began to amass great fortunes and fleets of ships and the leaders formed their own trading companies and began to monopolize the trade. The chinese named these men Tai-Pan (Supreme Leaders) and the greatest of these was the Tai-Pan!

The most mischievous playboy in the entire galaxy — Freddy Hardest. You may not believe it but he's a super-sharp counter espionage agent with a big appetite for entertainment and there's nothing he enjoys more than a full blown bruise-up! But now trouble is heading his way. He should have learnt by now that alcohol and warp speed do not mix and that means yet another crash landing. Help Freddy to steal a space-craft to freedom. That won't be easy against man-eating ants, reptiles, robots, mutants and genetic throw-backs with Dynamic's latest blunderman — Freddy Hardest.

Lands that produce legends of men who have slain dragons lie in the shadow of the warrior king — RASTAN. Guardians of evil fear his fire-ball spewing sword, the axe he wields as quick as lightning.

Pulling out every pixel to make a true assimilation to the arcades for your home-micro, you can enjoy superb graphics and realistic action as RASTAN takes on a world of dangers — magical wizards, fire breathing lions, bats, snakes, skeletons, the living dead and more. Is it more than you can handle?

Arcade Action

ou begin this game on the "stairway to heaven" through an Egyptian scenario.

Having survived the bloodsucking monsters of the first phase, you then progress on to the actual Road itself.

This is where the fun really begins. You will meet vampires, two and three headed monsters — the head will fly at you on its own, just when you think you are gaining the upper hand.

he road winds on and on, through tombs containing the bones of former seekers after fame and very much alive eldritch horrors.

Trapdoors and elevators transport you — sometimes to your surprise — inside ancient buildings and under lakes and oceans.

Collect icons to build up the firepower necessary to fight off your aggressors.

Action and excitement all the way with this macabre and unusual game; which has that elusive extra something to keep you coming back for more.
